

Testing Analyst Advanced

Tennessee Department of Treasury

To apply, submit your resume to: Treasury.Resumes@tn.gov

The Tennessee Department of Treasury impacts the lives of Tennesseans every day. Treasury is responsible for many of the financial operations of state government, including managing more than \$60 billion in assets through its various investment programs. We administer the State's Retirement Program, *RetireReadyTN*, which combines the state pension plan, Tennessee Consolidated Retirement System, and the State's Deferred Compensation plan. Treasury serves all Tennesseans by helping to educate and empower them to make smart financial choices, and by providing public-serving programs in the areas of college savings, financial literacy, unclaimed property, criminal injuries compensation, and more.

Job Overview:

The Information Systems Division is seeking a Testing Analyst to support creating new and enhancing existing software applications.

Key Responsibilities:

- Participate in a project from its outset to understand requirements.
- Ensure that they are testable; create, execute, and monitor test plans.
- Engage the business team to deliver quality products on time that meet their needs.

Qualifications:

- Graduation from an accredited four-year college or university with a bachelor's degree in Computer Science or Information Systems is required.
- 3 to 5 years of experience in software testing.
- 1 to 3 years of experience with automated testing tools.

The State of Tennessee is an Equal Opportunity Employer.
